Ecclesiasticus
37:29-31

“Greed’s
Consequence”

**²⁹ Be not unsatiable in
any dainty thing: nor
too greedy upon meats.**

**³⁰ For excess of meats,
bringeth sickness, and
surfeiting will turn into
choler. ³¹ By surfeiting
have many perished,
but he that taketh heed,
prolongeth his life.**

*Unsatiable (insatiable): greedy,
ravenous, unquenchable; the
inability to satisfy a strong and
continuous urge.*

Surfeiting: An over abundant supply; excess. An immoderate indulgence of something.

Choler: Irritable, fussy; angry attitude or behavior.

Greed, in eating, may cause physical, as well as mental issues such as nausea, irritability, and anger. Additionally, overeating has caused

many to suffer with
long-term illness.

That's a major
consequence. However,
those who pay attention
to warnings regarding
eating too much, tend
to have the benefit of
extending the quality
and/ or length of
their lives.
